Holders are advised to check with the broker, dealer, bank, custodian, trust company, or other nominee through which they hold their Notes as to the deadlines by which such intermediary would require receipt of instructions from Holders to participate in the Offers in accordance with the terms and conditions of the Offers as described in this Offer to Purchase in order to meet the deadlines set out above. The deadlines set by The Depository Trust Company (“DTC”) or any such intermediary for the submission of tenders of Notes may be earlier than the relevant deadlines specified above.

IMPORTANT INFORMATION REGARDING THE OFFERS

This Offer to Purchase contains important information that Holders are urged to read carefully in its entirety before any decision is made with respect to the Offers.

The applicable “Total Consideration” payable for each series of Notes accepted for purchase pursuant to the applicable Offer will be a price per US\$1,000 principal amount of such series of Notes, calculated in accordance with standard market practice, as described on Schedule A of this Offer to Purchase, that would reflect, as of the applicable Settlement Date, a yield to the applicable maturity date, in accordance with standard market practice, for a series of Notes equal to the sum of:

- the applicable fixed spread for such series of Notes set forth in the table on the cover of this Offer to Purchase (the “Fixed Spread”), *plus*
- the applicable yield-to-maturity (the “Reference Yield”), calculated in accordance with standard market practice, based on the bid-side price of the applicable Reference U.S. Treasury Security for such series of Notes set forth in the table on the cover of this Offer to Purchase (as applicable to each series of Notes, the “Reference Security”), as quoted on the Bloomberg Bond Trader FIT1 (with respect to each Reference Security, the “Reference Page”) at 11:00 a.m., New York City time, on March 7, 2025 for the Offers (such time and date, as the same may be extended, the “Price Determination Date”). If the Early Acceptance Date is extended by more than 48 hours by the Offeror in its sole discretion, the Price Determination Date may be extended to 11:00 a.m., New York City time, on the same day of the extended Early Acceptance Date.

The sum of the Fixed Spread and the Reference Yield is referred to in this Offer to Purchase as the “Repurchase Yield.” Specifically, the Total Consideration offered per US\$1,000 principal amount of each series of Notes validly tendered and not validly withdrawn and accepted for purchase will equal:

- the present value per US\$1,000 principal amount of all remaining payments of principal and interest to the maturity date, in accordance with standard market practice, on such series of Notes, discounted to the applicable Settlement Date in accordance with the formula set forth on Schedule A hereto, at a discount rate equal to the applicable Repurchase Yield, *minus*
- Accrued Interest from, and including, the last interest payment date to, but not including, the applicable Settlement Date per US\$1,000 principal amount of such series of Notes.

Subject to the terms and conditions described in this Offer to Purchase, including the Maximum Principal Amount, Acceptance Priority Levels and proration procedures, Holders that validly tender their Notes pursuant to the Offers on or prior to the Early Tender Date and do not validly withdraw their Notes on or prior to the Withdrawal Date, and whose Notes are accepted for purchase, will receive the applicable Total Consideration for each US\$1,000 principal amount of Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date and accepted for purchase pursuant to the Offers. The Total Consideration, as calculated using the applicable Fixed Spread for each series of Notes set forth in the table on the cover of this Offer to Purchase, is inclusive of the Early Tender Payment (as defined below), as described herein. Holders that validly tender their Notes pursuant to the Offers after the Early Tender Date, but on or prior to the Expiration Date, and whose Notes are accepted for purchase, will receive only the applicable “Tender Consideration,” which consists of the applicable Total Consideration *minus* an amount in cash (the “Early Tender Payment”) equal to the applicable amount for each US\$1,000 principal amount of Notes, as set forth in the table on the cover of this Offer to Purchase under the heading “Early Tender Payment.” As used herein, the Total Consideration minus the Early Tender Payment is referred to as the “Tender Consideration.”

In addition to the Total Consideration, or the Tender Consideration, as applicable, all Holders whose Notes are accepted for purchase pursuant to the Offers will be paid Accrued Interest, from, and including, the applicable last interest payment date up to, but not including, the applicable Settlement Date payable on such date. For the avoidance of doubt, we will not pay Accrued Interest for any periods following the applicable Settlement Date in respect of any Notes accepted for purchase in the applicable Offer.

Because the consideration applicable to the Offers is based on a fixed spread pricing formula linked to the yield on the applicable Reference Security, the actual amount of consideration that may be received by a tendering Holder pursuant to the Offers will be affected by changes in such yield during the term of the Offers prior to the Price Determination Date. After the Price Determination Date, when the consideration applicable to the Offers is no longer linked to the yield on the applicable Reference Security, the actual amount of cash that may be received by a tendering Holder pursuant to the Offers will be known, and Holders will be able to ascertain the Total Consideration or the Tender Consideration, as applicable, that would be received by all tendering Holders whose Notes are accepted for purchase pursuant to such Offers in the manner described above. Unless the applicable Withdrawal Date is extended by the Offeror in its sole discretion, the Price Determination Date is scheduled to occur on the first business day following the Withdrawal Date. Therefore, Holders who validly tendered their Notes pursuant to the Offers may not be able to validly withdraw their tendered Notes by the time the actual amount of cash that may be received by such tendering Holder will be known.

Tendered Notes may be withdrawn at any time at or prior to the Withdrawal Date but may not be validly withdrawn after such time. If any of the Offers are terminated or otherwise not completed, we will promptly return all Notes tendered under such Offer to the tendering Holders thereof.

Following the Early Tender Date and on or prior to the Expiration Date, the Offeror may, but is not required to, elect to accept the Notes validly tendered at or prior to the Early Tender Date (the “Early Settlement Right”), provided that all conditions set forth in this Offer to Purchase have been satisfied or waived by the Offeror (the date of such acceptance, the “Early Acceptance Date”). Notes accepted on the Early Acceptance Date will be settled promptly thereafter (the “Early Settlement Date”). The “Final Settlement Date” is the date that we settle all Notes not previously settled on the Early Settlement Date, if any, and we expect such date to be promptly following the Expiration Date. Each such Early Settlement Date and Final Settlement Date is referred to herein as an applicable “Settlement Date.”

If we determine, in our sole discretion, to extend the Offers beyond the Expiration Date, we will have a new Settlement Date with respect to Notes validly tendered on or prior to the Expiration Date. During any extension of the Offers, all Notes previously tendered and not accepted for purchase pursuant to the Offers will remain subject to the Offers and may, subject to the terms and conditions of the Offers, be accepted for purchase by us.

Our obligation to accept for purchase, and to pay the Total Consideration or Tender Consideration for, as set forth on the table on the cover of this Offer to Purchase, and any Accrued Interest on, the Notes validly tendered and not validly withdrawn pursuant to the Offers is subject to, and conditioned upon, the satisfaction or our waiver of the conditions set forth in this Offer to Purchase.

If the purchase of Notes validly tendered and not validly withdrawn in the Offers would cause us to purchase an aggregate principal amount of Notes in excess of the Maximum Principal Amount, subject to the terms and conditions of the Offers, we will prorate such Notes validly tendered and not validly withdrawn in the Offers as described below. **We refer to the procedures described in this paragraph as the “Acceptance Priority Procedures.”**

- (1) If the aggregate principal amount of all Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date does not exceed the Maximum Principal Amount, then we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) accept for purchase all such tendered Notes.

If the aggregate principal amount of Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date exceeds the Maximum Principal Amount, then the Offers will be oversubscribed as of the Early Tender Date and (i) we will not accept for purchase any Notes tendered after the Early Tender Date, and (ii) we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) accept for purchase on the Early

Acceptance Date (or, if there is no Early Acceptance Date, the Expiration Date), in the order of the related Acceptance Priority Level set forth in the table on the cover of this Offer to Purchase (proceeding in ascending order from the lowest numerical value), the maximum aggregate principal amount of Notes tendered on or prior to the Early Tender Date that we can accept without exceeding the Maximum Principal Amount.

If the aggregate principal amount of all validly tendered and not validly withdrawn Notes of a series at a given Acceptance Priority Level, when added to the aggregate principal amount of all Notes accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), does not exceed the Maximum Principal Amount, then we will accept for purchase all such validly tendered Notes of such series. If the aggregate principal amount of all validly tendered Notes of a series at a given Acceptance Priority Level, when added to the aggregate principal amount of all Notes accepted for purchase at a higher Acceptance Priority Level, exceeds the Maximum Principal Amount, then we will accept for purchase a proportionate amount of tendered Notes of such series such that we do not exceed the Maximum Principal Amount. Tendered Notes with lower Acceptance Priority Levels (indicated by higher numerical values) than the Acceptance Priority Level that results in the purchase of the full Maximum Principal Amount will not be accepted for purchase.

- (2) If the Offers are not oversubscribed as of the Early Tender Date, and the aggregate principal amount of Notes validly tendered in the Offers on or prior to the Expiration Date exceeds the Maximum Principal Amount, then we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) (i) accept for purchase all Notes tendered on or prior to the Early Tender Date, and (ii) accept for purchase the maximum aggregate principal amount of Notes tendered after the Early Tender Date and on or prior to the Expiration Date that we can accept without exceeding the Maximum Principal Amount.

If the aggregate principal amount of all Notes of a series at a given Acceptance Priority Level validly tendered after the Early Tender Date and on or prior to the Expiration Date, when added to (i) the aggregate principal amount of all Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date that are accepted for purchase and (ii) the aggregate principal amount of all Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date that are accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), does not exceed the Maximum Principal Amount, *then* we will accept for purchase all such tendered Notes of such series. If the aggregate principal amount of all tendered Notes of a series at a given Acceptance Priority Level validly tendered after the Early Tender Date and on or prior to the Expiration Date, when added to (i) the aggregate principal amount of all Notes that are accepted for purchase on the Early Acceptance Date (or, if there is no Early Acceptance Date, the Expiration Date) and (ii) the aggregate principal amount of all Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date that are accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), exceeds the Maximum Principal Amount, *then* we will accept for purchase a proportionate amount of tendered Notes of such series such that we do not exceed the Maximum Principal Amount. Tendered Notes tendered after the Early Tender Date and on or prior to the Expiration Date with lower Acceptance Priority Levels (indicated by higher numerical values) than the Acceptance Priority Level that results in the purchase of the full Maximum Principal Amount, as the case may be, will not be accepted for purchase.

- (3) For the avoidance of doubt: (i) if the Offers are not oversubscribed as of the Early Tender Date, Notes tendered on or prior to the Early Tender Date will be accepted for purchase in priority to Notes tendered after the Early Tender Date, even if such Notes tendered after the Early Tender Date have a higher Acceptance Priority Level, and (ii) in no event will we accept for purchase an aggregate principal amount of Notes in excess of the Maximum Principal Amount.

We reserve the right, in our sole discretion and subject to applicable law, to increase the Maximum Principal Amount without reinstating withdrawal rights or extending the Early Tender Date or the Withdrawal Date, subject to applicable law.

All Notes not accepted as a result of proration will be rejected from the Offers and promptly returned to the tendering Holder.

To ensure the return of Notes in minimum principal amounts of US\$2,000 and integral multiples of US\$1,000 in excess thereof, if necessary, we will make appropriate adjustments downward to the nearest US\$1,000 principal amount, or if applicable, the minimum denomination of US\$2,000, with respect to each Holder validly tendering Notes. Any tender of Notes, the proration of which would otherwise result in a return of Notes to a tendering Holder in a principal amount below the minimum denomination of US\$2,000, may be rejected in full or accepted in full in our sole discretion.

Notes may be tendered and accepted for payment only in principal amounts equal to minimum denominations of US\$2,000 and integral multiples of US\$1,000 in excess thereof. Holders who tender less than all their Notes must continue to hold such series of Notes in minimum principal amounts of US\$2,000 and integral multiples of US\$1,000 above US\$2,000 (such minimum denominations, “Authorized Denominations”).

From time to time after the Expiration Date or termination of any of the Offers, we may acquire any Notes that are not purchased pursuant to the Offers through open market purchases, privately negotiated transactions, tender offers, exchange offers, redemptions or otherwise, upon such terms and at such prices as we may determine, which may be more or less than the price to be paid pursuant to the Offers and could be for cash or other consideration. We may also exercise our right to redeem any Notes not purchased in the Offers and that remain outstanding after the Expiration Date pursuant to the respective indenture governing such series of Notes.

There can be no assurance as to which, if any, of these alternatives (or combinations thereof) we will choose to pursue in the future. Any future purchases of Notes may be on the same terms or on terms that are more or less favorable to Holders than the terms of the Offers. Any future purchases by us will depend on various factors existing at that time. Although we may redeem the Notes that are not tendered and accepted for purchase pursuant to the Offers, we are not required to do so, and there can be no assurance we will do so. No statement in this Offer to Purchase shall constitute a notice of redemption under the respective indenture governing such series of Notes. Any such notice, if made, will only be made in accordance with the provisions of the respective indenture governing such series of Notes, as applicable.

We expressly reserve the right, subject to applicable law, to (1) terminate any of the Offers prior to the Expiration Date and not accept for purchase any Notes not theretofore accepted for purchase pursuant to the Offers for any reason, (2) waive any and all of the conditions of any of the Offers, (3) extend the Early Tender Date, any Withdrawal Date, any Expiration Date or any Settlement Date and (4) otherwise amend the terms of the Offers in any respect. The foregoing rights are in addition to the right to delay acceptance for payment of Notes validly tendered pursuant to the Offers or the purchase of Notes accepted for purchase pursuant to the Offers in order to comply with any applicable law, subject to Rule 14e-1(c) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which requires that we pay the consideration offered or return the Notes deposited by or on behalf of the Holders thereof promptly after the termination or withdrawal of the Offers, as applicable.

All of the Notes are held in book-entry form through the facilities of DTC. Unless the context otherwise requires, all references herein to Holders include each person who is shown on the records of DTC as a holder of Notes. In the event of a termination of, or withdrawal of Notes from, any Offer, the applicable Notes will be credited to the tendering Holder through DTC. Because only registered holders of Notes may tender Notes, beneficial owners of Notes must instruct the broker, dealer, commercial bank, trust company or other nominee that holds Notes on their behalf to tender Notes on such beneficial owners’ behalf. DTC has authorized DTC participants that hold Notes on behalf of beneficial owners of Notes through DTC to tender their Notes as if they were Holders.

See “The Offers—Certain Significant Consequences to Holders” and “Certain Tax Consequences” for a discussion of certain factors that should be considered in evaluating the Offers.

Significant delays may be experienced where notices are delivered to DTC and beneficial owners of Notes are urged to contact the Information Agent for the relevant announcements during the course of the Offers. In addition, beneficial owners may contact the Dealer Managers for information using the contact details on the back cover of this Offer to Purchase.

Notwithstanding any other provision of the Offer to Purchase, our obligation to accept for purchase, and to pay the Total Consideration or the Tender Consideration, as set forth in the table on the cover of this Offer to Purchase, for, and any Accrued Interest on, the Notes validly tendered and not validly withdrawn pursuant to the Offers is subject to, and conditioned upon, the satisfaction or our waiver of the conditions set forth in this Offer to Purchase. We reserve the right, in our sole discretion, to waive any one or more of the conditions at any time. See “The Offers—Conditions of the Offers.”

Because only registered holders of Notes may tender Notes, beneficial owners of Notes must instruct the broker, dealer, commercial bank, trust company or other nominee that holds Notes on their behalf to tender Notes on such beneficial owners’ behalf. Beneficial owners of Notes are advised to check with any bank, securities broker or other intermediary through which they hold Notes when such intermediary would need to receive instructions from a beneficial owner of Notes in order for that beneficial owner to be able to participate in, or withdraw their instruction to participate in, the Offers by the deadlines specified in this Offer to Purchase. The deadlines set by any such intermediary and DTC for the submission and withdrawal of tender instructions will likely be earlier than the relevant deadlines specified in this Offer to Purchase.

Tendering Holders of Notes purchased in the Offers will not be required to pay brokerage fees or commissions to the Dealer Managers, the Tender and Information Agent, or the Trustee or us or to pay transfer taxes with respect to the purchase of their Notes. However, beneficial owners of Notes that are held through a broker, dealer, commercial bank or other nominee may be charged a fee by such nominee for tendering Notes on such beneficial owners’ behalf. We will pay all other charges and expenses in connection with the Offers.

This Offer to Purchase contains important information that Holders are urged to read carefully in its entirety before any decision is made with respect to the Offers.

SUMMARY

We are providing this summary for your convenience. It highlights certain material information in this Offer to Purchase, but does not describe all of the details of the Offers to the same extent described in this Offer to Purchase. The following summary is qualified in its entirety by the more detailed information appearing elsewhere in this Offer to Purchase and the accompanying ancillary documents. You are urged to read this Offer to Purchase and the accompanying ancillary documents in their entirety because they contain the full details of the Offers.

The Offeror.....	Vale Overseas Limited.
The Notes.....	The series of Notes subject to the Offers as listed in the table on the cover of this Offer to Purchase under the heading “Notes.”
The Offers.....	The Offeror is offering to purchase for cash its outstanding Notes up to the Maximum Principal Amount, upon the terms and subject to the conditions set forth, and for the consideration described, in this Offer to Purchase.
Maximum Principal Amount.....	<p>The aggregate principal amount of the Notes validly tendered and not validly withdrawn that are accepted for purchase pursuant to the Offers will not exceed the Maximum Principal Amount, which is US\$450,000,000, excluding any premium and any accrued and unpaid interest.</p> <p>The Maximum Principal Amount may be increased in the Offeror’s sole discretion.</p>
Acceptance Proration.....	<p>If the purchase of Notes validly tendered and not validly withdrawn in the Offers would cause us to purchase an aggregate principal amount of Notes in excess of the Maximum Principal Amount, subject to the terms and conditions of the Offers, we will prorate such Notes validly tendered and not validly withdrawn in the Offers as described below. The Acceptance Priority Procedures are described in this paragraph.</p> <p>(1) If the aggregate principal amount of all Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date does not exceed the Maximum Principal Amount, then we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) accept for purchase all such tendered Notes.</p> <p>If the aggregate principal amount of Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date exceeds the Maximum Principal Amount, then the Offers will be oversubscribed as of the Early Tender Date and (i) we will not accept for purchase any Notes tendered after the Early Tender Date, and (ii) we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) accept for purchase on the Early Acceptance Date (or, if there is no Early Acceptance Date, the Expiration Date), in the order of the related Acceptance Priority Level set forth in the table on the cover of this Offer to Purchase (proceeding in an ascending order from the lowest numerical value), the maximum aggregate principal amount of Notes tendered on or prior to the Early Tender Date that we can accept without exceeding the Maximum Principal Amount.</p> <p>If the aggregate principal amount of all validly tendered and not validly withdrawn Notes of a series at a given Acceptance Priority Level, when added to the aggregate principal amount of all Notes accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), does not exceed the Maximum Principal Amount, then we will accept for purchase all such validly tendered Notes of such series. If the aggregate principal amount of all validly tendered Notes of a series at a given Acceptance Priority Level, when added to the aggregate principal amount of all Notes accepted for purchase at a higher Acceptance Priority Level,</p>

exceeds the Maximum Principal Amount, then we will accept for purchase a proportionate amount of tendered Notes of such series such that we do not exceed the Maximum Principal Amount. Tendered Notes with lower Acceptance Priority Levels (indicated by higher numerical values) than the Acceptance Priority Level that results in the purchase of the full Maximum Principal Amount will not be accepted for purchase.

- (2) If the Offers are not oversubscribed as of the Early Tender Date, and the aggregate principal amount of Notes validly tendered in the Offers on or prior to the Expiration Date exceeds the Maximum Principal Amount, then we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) (i) accept for purchase all Notes tendered on or prior to the Early Tender Date, and (ii) accept for purchase the maximum aggregate principal amount of Notes tendered after the Early Tender Date and on or prior to the Expiration Date that we can accept without exceeding the Maximum Principal Amount and on or prior to the Expiration Date as we can without exceeding the Maximum Principal Amount.

If the aggregate principal amount of all Notes of a series at a given Acceptance Priority Level validly tendered after the Early Tender Date and on or prior to the Expiration Date, when added to (i) the aggregate principal amount of all Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date that are accepted for purchase and (ii) the aggregate principal amount of all Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date that are accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), does not exceed the Maximum Principal Amount, *then* we will accept for purchase all such tendered Notes of such series. If the aggregate principal amount of all tendered Notes of a series at a given Acceptance Priority Level validly tendered after the Early Tender Date and on or prior to the Expiration Date, when added to (i) the aggregate principal amount of all Notes that are accepted for purchase on the Early Acceptance Date (or, if there is no Early Acceptance Date, the Expiration Date) and (ii) the aggregate principal amount of all Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date that are accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), exceeds the Maximum Principal Amount, *then* we will accept for purchase a proportionate amount of tendered Notes of such series such that we do not exceed the Maximum Principal Amount. Tendered Notes tendered after the Early Tender Date and on or prior to the Expiration Date with lower Acceptance Priority Levels (indicated by higher numerical values) than the Acceptance Priority Level that results in the purchase of the full Maximum Principal Amount, as the case may be, will not be accepted for purchase.

- (3) For the avoidance of doubt: (i) if the Offers are not oversubscribed as of the Early Tender Date, Notes tendered on or prior to the Early Tender Date will be accepted for purchase in priority to Notes tendered after the Early Tender Date, even if such Notes tendered after the Early Tender Date have a higher Acceptance Priority Level, and (ii) in no event will we accept for purchase an aggregate principal amount of Notes in excess of the Maximum Principal Amount.

We reserve the right, in our sole discretion and subject to applicable law, to increase the Maximum Principal Amount without reinstating withdrawal rights or extending the Early Tender Date or the Withdrawal Date, subject to applicable law.

	All Notes not accepted as a result of proration will be rejected from the Offers and promptly returned to the tendering Holder.
Launch Date.....	February 24, 2025.
Price Determination Date.....	11:00 a.m., New York City time, on March 7, 2025, unless extended or earlier terminated by the Offeror in its sole discretion. If the Early Acceptance Date is extended by more than 48 hours by the Offeror in its sole discretion, the Price Determination Date may be extended to 11:00 a.m., New York City time, on the same day of the extended Early Acceptance Date.
Early Tender Date.....	5:00 p.m., New York City time, on March 7, 2025, unless extended by the Offeror in its sole discretion.
Withdrawal Date.....	5:00 p.m., New York City time, on March 7, 2025, unless extended by the Offeror in its sole discretion.
Early Acceptance Date	The date on which the Offeror accepts for purchase the Notes validly tendered at or prior to the Early Tender Date, and not validly withdrawn on or prior to the Expiration Date, subject to the Acceptance Priority Procedures, assuming that the Offeror exercises the Early Settlement Right and all conditions of the Offers have been satisfied, or where applicable, waived by the Offeror.
Early Settlement Date.....	If the Offeror elects to exercise the Early Settlement Right, promptly after the Early Acceptance Date. The Offeror expects the Early Settlement Date will be within three Business Days following the Early Tender Date. The Early Settlement Date is currently expected to be on March 12, 2025, unless the Early Tender Date is extended by the Offeror in its sole discretion.
Expiration Date.....	5:00 p.m., New York City time, on March 24, 2025, unless extended by the Offeror in its sole discretion.
Final Settlement Date.....	Promptly after the acceptance by the Offeror for purchase of the Notes validly tendered on or prior to the Expiration Date or, if the Offeror elects to exercise the Early Settlement Right, after the Early Tender Date but on or prior to the Expiration Date, upon satisfaction (or waiver by the Offeror) of each and all of the conditions set forth in this Offer to Purchase. The Offeror expects that the Final Settlement Date will be within two Business Days following the Expiration Date. The Final Settlement Date is currently expected to be on March 26, 2025, unless the Expiration Date is extended by the Offeror in its sole discretion.
Business Day.....	Any day, other than Saturday, Sunday or a federal holiday in the United States, and shall consist of the time period from 12:00 a.m. through 11:59 p.m., New York City time.
Total Consideration, Tender Consideration and Early Tender Payment.....	The Total Consideration for each US\$ 1,000 principal amount of each applicable series of Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to the Offers will be determined in the manner described in this Offer to Purchase by reference to the applicable Fixed Spread for such Notes set forth in the table on the cover of this Offer to Purchase plus the yield to maturity of the applicable Reference Security based on the bid-side price of the applicable Reference Security set forth in the table on the cover of this Offer to Purchase as quoted on the applicable Reference Page on the Price Determination Date. The formula for determining the Total Consideration is set forth on Schedule A. Subject to the terms and conditions described in this Offer to Purchase, including the Maximum Principal Amount, Acceptance Priority Levels and proration procedures, Holders that validly tender their Notes pursuant to the Offers:

	<ul style="list-style-type: none"> • on or prior to the Early Tender Date and do not validly withdraw their Notes on or prior to the Withdrawal Date, and whose Notes are accepted for purchase, will receive the applicable Total Consideration for each US\$1,000 principal amount of Notes, <i>plus</i> Accrued Interest thereon. The Total Consideration, as calculated using the applicable Fixed Spread, is inclusive of the Early Tender Payment; and • after the Early Tender Date, but on or prior to the Expiration Date, and whose Notes are accepted for purchase, will receive only the applicable Tender Consideration, which consists of the applicable Total Consideration <i>minus</i> the Early Tender Payment, for each US\$1,000 principal amount of Notes, <i>plus</i> the Accrued Interest thereon.
Accrued Interest.....	<p>Holder's whose Notes are accepted for purchase shall receive accrued and unpaid interest from, and including, the last interest payment date to, but not including, the applicable Settlement Date, payable on the applicable Settlement Date.</p>
Conditions to the Offers.....	<p>The Offeror's obligation to accept for purchase and pay for the validly tendered Notes that have not been validly withdrawn is subject to, and conditioned upon, satisfaction or waiver of the Financing Condition and the General Conditions. The Offeror reserves the right to waive any and all conditions to the Offers on or prior to the Expiration Date. See "The Offers—Conditions of the Offers."</p>
Withdrawal Rights.....	<p>Notes validly tendered by Holders on or prior to the Withdrawal Date may be validly withdrawn at any time up until the Withdrawal Date, but not after such date.</p> <p>A valid withdrawal of Notes will result in the Holder not being eligible to receive the Total Consideration, the Tender Consideration or any Accrued Interest. Notes tendered after the Withdrawal Date may not be validly withdrawn or revoked, except as required by applicable law. A valid withdrawal of tendered Notes on or prior to the Withdrawal Date will be deemed a valid revocation of the tender of the applicable Notes. If an Offer is terminated, the Notes tendered pursuant to such Offer will be promptly returned to the tendering Holders or credited to the Holder's account without further compensation of any sort.</p>
Procedures for Tendering Notes...	<p>For a Holder to validly tender Notes pursuant to the Offers, an Agent's Message (as defined herein) and any other required documents must be received by the Tender and Information Agent at its address set forth on the back cover of this Offer to Purchase on or prior to the Expiration Date. See "The Offers—Procedures for Tendering Notes."</p> <p>There is no separate letter of transmittal in connection with this Offer to Purchase.</p> <p>Any Holder desiring to tender Notes pursuant to the Offers should contact its custodian if such beneficial owner desires to tender Notes. Only registered Holders of Notes are entitled to tender Notes. Any Holder who holds Notes through Clearstream Banking, <i>société anonyme</i>, Luxembourg ("Clearstream, Luxembourg") or Euroclear Bank S.A./N.V. ("Euroclear") must also comply with the applicable procedures of Clearstream, Luxembourg or Euroclear, as applicable, in connection with a tender of Notes. Both Clearstream, Luxembourg and Euroclear are indirect participants in the DTC system. See "The Offers—Procedures for Tendering Notes."</p>
Authorized Denominations.....	<p>Notes of a given series may be tendered only in principal amounts equal to the authorized denominations of such series of Notes and if you tender less than all of your Notes of a given series, the Notes of that series that you retain must also be in a principal amount that is an authorized denomination.</p>

Certain Tax Consequences.....	For a discussion of certain tax considerations of the Offers applicable to Holders, see “Certain Tax Consequences.”

THE OFFERS

This Offer to Purchase contains important information that Holders are urged to read carefully in its entirety before any decision is made with respect to the Offers.

General

Vale Overseas hereby offers to purchase for cash, from each registered holder, up to the Maximum Principal Amount of the outstanding Notes issued by it of the series set forth in the table on the cover of this Offer to Purchase, for the consideration described in this Offer to Purchase. The Offers are made upon the terms and subject to the conditions set forth in this Offer to Purchase.

Offers are subject to proration and the Acceptance Priority Procedures, and purchases of the Notes will be made according to the Acceptance Priority Level set forth in the table on the cover of this Offer to Purchase under the heading “Notes.” See “—Maximum Principal Amount; Proration; Acceptance Priority Procedures” below.

The Offeror’s obligation to pay the applicable consideration plus Accrued Interest is conditioned, among other things, on the satisfaction or waiver of certain conditions, including the Financing Condition, as set forth in the section titled “—Conditions of the Offers.”

Purpose of the Offers

The purpose of the Offers is to extend the average maturity of our debt.

Source and Amount of Funds

The source of funds for the purchase of Notes pursuant to the Offers will be the net proceeds from an offering of debt securities of Vale Overseas, guaranteed by Vale, on terms that are satisfactory to Vale in its sole discretion, as part of the Financing Condition. We may, in our sole discretion, subject to market conditions, issue new notes at any time prior to the Expiration Date and use the proceeds thereof to finance, in whole or in part, the Total Consideration, the Tender Consideration or any Accrued Interest pursuant to the Offers (such issuances of debt securities of Vale Overseas, guaranteed by Vale, and issuance of new notes, in each case, the “New Securities”). Allocations in such concurrent offering of debt securities will be determined by Vale Overseas, Vale and the underwriters for such offering based on a number of different factors, which may include such investor’s participation in the Offers.

Total Consideration and Tender Consideration

The applicable consideration payable for each series of Notes accepted for purchase pursuant to the applicable Offer will be a price per US\$1,000 principal amount of such series of Notes, calculated in accordance with standard market practice, as described on Schedule A of this Offer to Purchase, that would reflect, as of the applicable Settlement Date, a yield to the applicable maturity date, in accordance with standard market practice for a series of Notes equal to the sum of:

- the applicable Fixed Spread for such series of Notes set forth in the table on the cover of this Offer to Purchase, *plus*
- the applicable Reference Yield, calculated in accordance with standard market practice, based on the bid-side price of the applicable Reference Security for such series of Notes set forth in the table on the cover of this Offer to Purchase, as quoted on the applicable Reference Page at 11:00 a.m., New York City time, on the Price Determination Date.

The sum of the Fixed Spread and the Reference Yield is referred to in this Offer to Purchase as the “Repurchase Yield.” Specifically, the Total Consideration offered per US\$1,000 principal amount of each series of Notes validly tendered and not validly withdrawn and accepted for purchase will equal:

- the present value per US\$1,000 principal amount of all remaining payments of principal and interest to the maturity date, in accordance with standard market practice, on such series of Notes, discounted to the

applicable Settlement Date in accordance with the formula set forth on Schedule A hereto, at a discount rate equal to the applicable Repurchase Yield, *minus*

- Accrued Interest from, and including, the last interest payment date to, but not including, the applicable Settlement Date per US\$1,000 principal amount of such series of Notes.

Subject to the terms and conditions described in this Offer to Purchase, including the Maximum Principal Amount, Acceptance Priority Levels and proration procedures, Holders that validly tender their Notes pursuant to the Offers on or prior to the Early Tender Date and do not validly withdraw their Notes on or prior to the Withdrawal Date, and whose Notes are accepted for purchase will receive the applicable Total Consideration for each US\$1,000 principal amount of Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date and accepted for purchase pursuant to the Offers. The Total Consideration, as calculated using the applicable Fixed Spread for each series of Notes set forth in the table on the cover of this Offer to Purchase, is inclusive of the Early Tender Payment, as described herein. Holders that validly tender their Notes pursuant to the Offers after the Early Tender Date, but on or prior to the Expiration Date, and whose Notes are accepted for purchase, will receive only the applicable Tender Consideration, which consists of the applicable Total Consideration *minus* the Early Tender Payment equal to the applicable amount for each US\$1,000 principal amount of Notes, as set forth in the table on the cover of this Offer to Purchase under the heading “Early Tender Payment.”

Because the consideration applicable to the Offers is based on a fixed spread pricing formula linked to the yield on the applicable Reference Security, the actual amount of consideration that may be received by a tendering Holder pursuant to the Offers will be affected by changes in such yield during the term of the Offers prior to the Price Determination Date. After the Price Determination Date, when the consideration applicable to the Offers is no longer linked to the yield on the applicable Reference Security, the actual amount of cash that may be received by a tendering Holder pursuant to the Offers will be known, and Holders will be able to ascertain the Total Consideration or the Tender Consideration, as applicable, that would be received by all tendering Holders whose Notes are accepted for purchase pursuant to such Offers in the manner described above. Unless the applicable Withdrawal Date is extended by the Offeror in its sole discretion, the Price Determination Date is scheduled to occur on the first business day following the Withdrawal Date. Therefore, Holders who validly tendered their Notes pursuant to the Offers may not be able to validly withdraw their tendered Notes by the time the actual amount of cash that may be received by such tendering Holder will be known.

In the event of any dispute or controversy regarding the applicable (i) Total Consideration or Tender Consideration, as applicable, (ii) Reference Yield, (iii) Repurchase Yield or (iv) amount of Accrued Interest for Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to the Offers, the Offeror’s determination shall be conclusive and binding, absent manifest error.

Prior to 11:00 a.m., New York City time, on the Price Determination Date, Holders may obtain a hypothetical quote of the yield of the applicable Reference Security (calculated as of a then-recent time) and the resulting hypothetical Total Consideration or Tender Consideration, as applicable, by contacting any of the Dealer Managers at their respective telephone numbers set forth on the back cover of this Offer to Purchase. In addition, as soon as practicable after the Price Determination Date, the Offeror will publicly announce the pricing information by press release, if applicable.

Accrued Interest

In addition to the Total Consideration or the Tender Consideration, as applicable, all Holders whose Notes are accepted for purchase pursuant to the Offers will be paid Accrued Interest, from, and including, the applicable last interest payment date up to, but not including, the applicable Settlement Date payable on such date. For the avoidance of doubt, we will not pay Accrued Interest for any periods following the applicable Settlement Date in respect of any Notes accepted for purchase in the applicable Offer.

Settlement Dates

For Notes that have been validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date and that are accepted for purchase pursuant to the Offers, if the Offeror exercises the

Early Settlement Right, the Early Settlement Date will be promptly following the Early Acceptance Date. Assuming that the Offeror exercises the Early Settlement Right and all conditions of the Offers have been satisfied, or where applicable, waived by the Offeror, we expect that the Early Settlement Date for the Offers will occur no later than two Business Days following the Early Acceptance Date.

For Notes that have been validly tendered on or prior to the Expiration Date, exclusive of Notes purchased on the Early Settlement Date, if any, and that are accepted for purchase pursuant to the Offers, settlement will occur on the Final Settlement Date, subject to all conditions to the Offers having been satisfied or, where possible, waived by the Offeror. The Final Settlement Date is expected to be promptly following the Expiration Date. Assuming that the Offers are not extended and all conditions of the Offers have been satisfied or, where applicable, waived by the Offeror, we expect that the Final Settlement Date will occur no later than two Business Days following the Expiration Date.

The Notes accepted for purchase on any Settlement Date will be accepted in accordance with their Acceptance Priority Levels set forth in the table on the cover of this Offer to Purchase (with 1 being the highest Acceptance Priority Level and 3 being the lowest Acceptance Priority Level), provided that the Offeror will only accept for purchase Notes with an aggregate principal amount up to the Maximum Principal Amount.

Holder's whose Notes are purchased pursuant to the Offers will receive Accrued Interest, payable on the Early Settlement Date or Final Settlement Date, as applicable. In the event of termination of the Offers on or prior to the Expiration Date, the Notes tendered pursuant to the Offers will be promptly returned to the tendering Holders.

The Offeror will calculate the Total Consideration, the Early Tender Payment, the Tender Consideration, as the case may be, and the Accrued Interest payable to Holders whose Notes are accepted for purchase pursuant to the Offers. Such calculations will be final and binding on all Holders whose Notes were accepted for purchase, absent manifest error. Under no circumstances will any interest be payable because of any delay in the transmission of funds to Holders by the Tender and Information Agent or DTC. The Offeror will publicly announce the actual Total Consideration or the actual Tender Consideration, as the case may be, for the Notes subject to the Offers promptly after it is determined.

The Offeror will announce their acceptance of valid tenders of Notes pursuant to the Offers and the principal amounts of the Notes so accepted as soon as reasonably practicable after each of the Expiration Date, subject to the satisfaction or waiver of the conditions described in this Offer to Purchase.

Maximum Principal Amount; Proration; Acceptance Priority Procedures

Maximum Principal Amount;

The Maximum Principal Amount limits the maximum aggregate principal amount for all Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to the Offers to US\$450,000,000, excluding any premium and any accrued and unpaid interest.

The Offeror reserves the right, but are under no obligation, to increase the Maximum Principal Amount at any time, subject to compliance with applicable law, which could result in the Offeror purchasing a greater aggregate principal amount of Notes in the Offers. There can be no assurance that the Offeror will exercise their rights to increase the Maximum Principal Amount. If the relevant Offeror increases the Maximum Principal Amount, the Offeror does not expect to extend the Withdrawal Date, subject to applicable law.

If the aggregate principal amount of Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date exceeds the Maximum Principal Amount, the Offeror will not accept for purchase any Notes tendered after the Early Tender Date.

Proration; Acceptance Priority Procedures

Acceptance of tenders of the Notes of any series may be subject to proration if the aggregate principal amount of Notes validly tendered and not validly withdrawn would cause the Maximum Principal Amount to be exceeded. If the Offers are fully subscribed as of the Early Tender Date, Holders who validly tender Notes after the Early Tender Date will not have any of their Notes accepted for purchase.

If proration of the tendered Notes of any series is required, the Offeror will determine the final proration factors as soon as practicable after the Early Tender Date or the Expiration Date, as applicable. Holders may obtain such information from the Tender and Information Agent and the Dealer Managers and may be able to obtain such information from their brokers. Depending on the proration factor applied, if the principal amount of Notes returned to a Holder as a result of proration would result in less than the minimum denomination being returned to such Holder, the Offeror may accept or reject all of such Holder's validly tendered Notes.

If the purchase of Notes validly tendered and not validly withdrawn in the Offers would cause us to purchase an aggregate principal amount of Notes in excess of the Maximum Principal Amount, subject to the terms and conditions of the Offers, we will prorate such Notes validly tendered and not validly withdrawn in the Offers as described below. The Acceptance Priority Procedures are described in this paragraph.

- (1) If the aggregate principal amount of all Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date does not exceed the Maximum Principal Amount, then we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) accept for purchase all such tendered Notes.

If the aggregate principal amount of Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date exceeds the Maximum Principal Amount, then the Offers will be oversubscribed as of the Early Tender Date and (i) we will not accept for purchase any Notes tendered after the Early Tender Date, and (ii) we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) accept for purchase on the Early Acceptance Date (or, if there is no Early Acceptance Date, the Expiration Date), in the order of the related Acceptance Priority Level set forth in the table on the cover of this Offer to Purchase (proceeding in a ascending order from the lowest numerical value), the maximum aggregate principal amount of Notes tendered on or prior to the Early Tender Date that we can accept without exceeding the Maximum Principal Amount.

If the aggregate principal amount of all validly tendered and not validly withdrawn Notes of a series at a given Acceptance Priority Level, when added to the aggregate principal amount of all Notes accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), does not exceed the Maximum Principal Amount, then we will accept for purchase all such validly tendered Notes of such series. If the aggregate principal amount of all validly tendered Notes of a series at a given Acceptance Priority Level, when added to the aggregate principal amount of all Notes accepted for purchase at a higher Acceptance Priority Level, exceeds the Maximum Principal Amount, then we will accept for purchase a proportionate amount of tendered Notes of such series such that we do not exceed the Maximum Principal Amount. Tendered Notes with lower Acceptance Priority Levels (indicated by higher numerical values) than the Acceptance Priority Level that results in the purchase of the full Maximum Principal Amount will not be accepted for purchase.

- (2) If the Offers are not oversubscribed as of the Early Tender Date, and the aggregate principal amount of Notes validly tendered in the Offers on or prior to the Expiration Date exceeds the Maximum Principal Amount, then we will (assuming satisfaction or, where applicable, the waiver of the conditions to the Offers) (i) accept for purchase all Notes tendered on or prior to the Early Tender Date, and (ii) accept for purchase the maximum aggregate principal amount of Notes tendered after the Early Tender Date and on or prior to the Expiration Date that we can accept without exceeding the Maximum Principal Amount and on or prior to the Expiration Date as we can without exceeding the Maximum Principal Amount.

If the aggregate principal amount of all Notes of a series at a given Acceptance Priority Level validly tendered after the Early Tender Date and on or prior to the Expiration Date, when added to (i) the aggregate principal amount of all Notes validly tendered on or prior to the Early Tender Date and not validly withdrawn on or prior to the Withdrawal Date that are accepted for purchase and (ii) the aggregate principal amount of all Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date that are accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), does not exceed the Maximum Principal Amount, *then* we will accept for purchase all such tendered Notes of such series. If the aggregate principal amount of all tendered Notes of a series at a given Acceptance Priority Level validly tendered after the Early Tender Date and on or prior to the Expiration Date, when added to (i) the aggregate principal amount of all Notes that are accepted for purchase on the Early Acceptance Date (or, if there is no

Early Acceptance Date, the Expiration Date) and (ii) the aggregate principal amount of all Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date that are accepted for purchase at higher Acceptance Priority Levels (indicated by lower numerical values), exceeds the Maximum Principal Amount, *then* we will accept for purchase a proportionate amount of tendered Notes of such series such that we do not exceed the Maximum Principal Amount. Tendered Notes tendered after the Early Tender Date and on or prior to the Expiration Date with lower Acceptance Priority Levels (indicated by higher numerical values) than the Acceptance Priority Level that results in the purchase of the full Maximum Principal Amount, as the case may be, will not be accepted for purchase.

- (3) For the avoidance of doubt: (i) if the Offers are not oversubscribed as of the Early Tender Date, Notes tendered on or prior to the Early Tender Date will be accepted for purchase in priority to Notes tendered after the Early Tender Date, even if such Notes tendered after the Early Tender Date have a higher Acceptance Priority Level, and (ii) in no event will we accept for purchase an aggregate principal amount of Notes in excess of the Maximum Principal Amount.

We reserve the right, in our sole discretion and subject to applicable law, to increase the Maximum Principal Amount without reinstating withdrawal rights or extending the Early Tender Date or the Withdrawal Date, subject to applicable law.

All Notes not accepted as a result of proration will be rejected from the Offers and promptly returned to the tendering Holder. To ensure the return of Notes in minimum principal amounts of US\$2,000 and integral multiples of US\$1,000 in excess thereof, if necessary, we will make appropriate adjustments downward to the nearest US\$1,000 principal amount, or if applicable, the minimum denomination of US\$2,000, with respect to each Holder validly tendering Notes. Any tender of Notes, the proration of which would otherwise result in a return of Notes to a tendering Holder in a principal amount below the minimum denomination of US\$2,000, may be rejected in full or accepted in full in our sole discretion. Holders who tender less than all their Notes must continue to hold Notes in Authorized Denominations.

Conditions of the Offers

Notwithstanding any other provision of the Offers, the Offeror will not be required to accept for purchase and pay for any validly tendered and not validly withdrawn Notes pursuant to the Offers, if the Financing Condition has not been satisfied or waived or the General Conditions have not been satisfied or waived on or prior to the Expiration Date. The Offers are not contingent upon the tender of any minimum principal amount of Notes.

Notwithstanding any other provision of the Offers, the Offeror will not be required to accept for purchase and pay for any validly tendered and not validly withdrawn Notes pursuant to the Offers if any of the following shall not be satisfied or waived on or prior to the Expiration Date:

(1) on or prior to the Early Tender Date, the consummation of an offering of debt securities of Vale Overseas, guaranteed by Vale, on terms that are satisfactory to Vale, in its sole discretion (the “Financing Condition”).

(2) the following conditions (the “General Conditions” and, together with the Financing Condition, the “Conditions”):

- (i) no action or event shall have occurred or been threatened, no action shall have been taken, and no statute, rule, regulation, judgment, order, stay, decree or injunction shall have been promulgated, enacted, entered, enforced or deemed to be applicable to any Offer by or before any court or governmental regulatory or administrative agency, authority or tribunal, including, without limitation, taxing authorities, that either:
- (a) challenges the making of any Offer or might, directly or indirectly, prohibit, prevent, restrict or delay consummation of, or might otherwise adversely affect in any material manner, any Offer or its anticipated benefits to us; or
- (b) in our reasonable judgment, could materially adversely affect our business, condition (financial or otherwise), income, operations, properties, assets, liabilities or prospects or materially impair the contemplated benefits to us of any Offer or the delivery of any cash amounts;

- (ii) nothing has occurred or may occur that would or might, in our reasonable judgment, prohibit, prevent or delay any Offer or impair our ability to realize the anticipated benefits of any Offer;
- (iii) there shall not have occurred (a) any general suspension of or limitation on trading in securities on the B3 S.A. – Brasil, Bolsa, Balcão, the New York Stock Exchange, the Luxembourg Stock Exchange, the London Stock Exchange or in the over-the-counter market, whether or not mandatory, (b) a material impairment in the general trading market for debt securities, (c) a declaration of a banking moratorium or any suspension of payments in respect of banks by federal or state authorities in Brazil, the United States or any member state of the European Union, whether or not mandatory, (d) a commencement of a war, armed hostilities, a terrorist act or other national or international calamity directly or indirectly relating to Brazil, the United States or any member state of the European Union, (e) any limitation, whether or not mandatory, by any governmental authority on, or other event having a reasonable likelihood of affecting, the extension of credit by banks or other lending institutions in Brazil, the United States or any member state of the European Union, (f) any material adverse change in the securities or financial markets in Brazil, the United States or any member state of the European Union generally or (g) in the case of any of the foregoing existing at the time of the commencement of the Offers, a material acceleration or worsening thereof; and
- (iv) the Trustee shall not have objected in any respect to, or taken any action that could, in our reasonable judgment, adversely affect the consummation of any Offers, nor shall the Trustee have taken any action that challenges the validity or effectiveness of the procedures used by us in making the Offers or the delivery of any cash amounts.

The Conditions are for our sole benefit and may be waived by us, in whole or in part, in our absolute discretion. Any determination made by us concerning an event, development or circumstance described or referred to above will be conclusive and binding.

If any of the Conditions are not satisfied, we may, at any time:

- terminate any Offer and promptly unblock all applicable tendered Notes;
- modify, extend or otherwise amend any Offer and retain all applicable tendered Notes until the Expiration Date, as extended, subject, however, to the withdrawal rights of Holders; or
- waive the unsatisfied conditions with respect to any Offer and accept all applicable Notes validly tendered and not previously validly withdrawn.

In addition, subject to applicable law, we may in our absolute discretion terminate any Offer for any other reason.

Certain Significant Consequences to Holders

In deciding whether to participate in the Offers, each Holder should consider carefully, in addition to the other information contained and incorporated by reference in this Offer to Purchase, the following:

Limited Trading Market

To the extent that Notes are validly tendered and not validly withdrawn and are accepted for purchase pursuant to the Offers, the trading market for the Notes may become more limited. A bid for securities with a smaller outstanding aggregate principal amount available for trading (a smaller “float”) may be lower than a bid for a comparable security with a greater float. Therefore, the market price for Notes not tendered or tendered but not purchased may be affected adversely to the extent that the amount of Notes purchased pursuant to the Offers reduces the float. The reduced float may also tend to make the trading price more volatile. Holders of unpurchased Notes may attempt to obtain quotations for the Notes from their brokers; however, there can be no assurance that an active trading market will exist for the Notes following the Offers. The extent of the public market for the Notes following the consummation of the Offers would depend upon, among other things, the number of Holders remaining, the outstanding aggregate principal amount of Notes at such time and the interest in maintaining a market in the Notes on the part of securities firms and other factors. See “—Treatment of Notes not Tendered in the Offers: Other Actions Affecting Notes” below.

Consideration for the Notes May Not Reflect Their Fair Value

The consideration offered to purchase the Notes does not reflect any independent valuation of the Notes or take into account events or changes in financial markets (including interest rates) after the commencement of the Offers. We have not obtained or requested a fairness opinion from any banking or other firm as to the fairness of the consideration for the Notes. If you tender Notes, you may or may not receive more or as much value than if you chose to keep them.

Treatment of Notes not Tendered in the Offers; Other Actions Affecting Notes

The Offeror intends to retire and cancel the Notes purchased in the Offers. Notes not tendered or otherwise not purchased pursuant to the Offers will remain outstanding. The terms and conditions governing the Notes, including the covenants and other protective provisions contained in the applicable indenture governing such series of Notes, will remain unchanged. No amendments to these documents are being sought.

Whether or not the Offers are consummated, we or our affiliates may from time to time following the expiration of the Offers take any of the following actions:

- acquire Notes, other than pursuant to the Offers, through open-market purchases, privately negotiated transactions, other tender offers, exchange offers or otherwise, upon such terms and at such prices as they may determine, which may be more or less than the prices to be paid pursuant to the Offers and could be for cash or other consideration;
- redeem the Notes pursuant to the terms thereof; or
- effect a defeasance of the Notes if the issuer, among other things, irrevocably deposits funds or certain governmental securities in trust, in accordance with the terms of the applicable indenture governing such series of Notes, sufficient to pay the principal of and interest on the outstanding Notes to maturity and subject to certain other conditions.

The effect of any of these actions may directly or indirectly affect the price of any Notes that remain outstanding after the consummation of the Offers.

Procedures for Tendering Notes

General

The tender by a Holder of Notes (and subsequent acceptance thereof by us) pursuant to the procedures set forth below will constitute a binding agreement between such Holder and the Offeror in accordance with the terms and subject to the conditions set forth in this Offer to Purchase.

The tender of Notes pursuant to the Offers and in accordance with the procedures described below will constitute a valid tender of such Notes. A defective tender of Notes (which defect is not waived by us) will not constitute valid delivery of the Notes and will not entitle the Holder thereof to our payment of the Total Consideration or the Tender Consideration, as the case may be, or any Accrued Interest on the Notes. Any beneficial owner whose Notes are registered in the name of a custodian or held through the book-entry transfer facility and who wishes to tender its Notes should contact such Holder promptly and instruct such Holder to tender its Notes on such beneficial owner's behalf. In no event shall the Holder send any Notes to the Offeror or the Dealer Managers.

There is no letter of transmittal for the Offer to Purchase.

Tender of Notes Held Through DTC

Within two Business Days after the date of this Offer to Purchase, the Tender and Information Agent will establish accounts with respect to the Notes at DTC for purposes of the Offers. The Tender and Information Agent and DTC have confirmed that the Offers are eligible for DTC's ATOP, whereby a financial institution that is a participant in DTC's system may tender Notes by making a book-entry delivery of Notes by causing DTC to transfer Notes into an ATOP account.

To effectively tender Notes, DTC participants should transmit their acceptance through ATOP, and DTC will then edit and verify the acceptance and send an Agent's Message to the Tender and Information Agent for its acceptance. The term "Agent's Message" means a message, transmitted by DTC to, and received by, the Tender and Information Agent and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating that such participant has accepted the relevant Offer and agrees to be bound by the terms, conditions and provisions of such Offer (if applicable). An Agent's Message and any other required documents must be transmitted through ATOP to, and received by, the Tender and Information Agent on or prior to the Early Tender Date or the Expiration Date, as applicable. Any documents in physical form must be sent to the Tender and Information Agent at one of its addresses set forth on the back cover of this Offer to Purchase. Delivery of the Agent's Message by DTC will satisfy the terms of the Offers in lieu of execution and delivery of a letter of transmittal by the participant identified in the Agent's Message. Accordingly, Holders do not need to complete a letter of transmittal with respect to Notes being tendered.

A separate tender instruction must be submitted on behalf of each beneficial owner of the Notes due to the possibility of proration.

You are advised to check with any bank, securities broker or other intermediary through which you hold Notes whether such intermediary would require to receive instructions to participate in, or revoke their instruction to participate in, the Offers before the deadlines specified in this Offer to Purchase.

Delivery of such documents to DTC does not constitute delivery to the Tender and Information Agent.

The delivery and surrender of the Notes is not effective, and the risk of loss of the Notes does not pass to the Tender and Information Agent, until receipt by the Tender and Information Agent of a properly transmitted Agent's Message together with all accompanying evidences of authority and any other required documents in a form satisfactory to the Offeror. The method of delivery of the Notes and all other required documents, including delivery through DTC and acceptance of an Agent's Message transmitted through ATOP, is at the option and risk of the tendering Holder. In all cases, sufficient time should be allowed for such documents to reach the Tender and Information Agent prior to the Expiration Date in order to be eligible to receive the Total Consideration or the Tender Consideration, as applicable.

Representations, Warranties and Undertakings; the Offeror's Acceptance Constitutes an Agreement

By tendering your Notes through DTC and delivering an Agent's Message through ATOP, you will be agreeing with, acknowledging, representing, warranting and undertaking to us, the Tender and Information Agent and the Dealer Managers substantially the following on each of the Early Acceptance Date (if applicable), the Expiration Date and the applicable Settlement Dates, as the case may be (if you are unable to give these agreements, acknowledgements, representations, warranties and undertakings, you should contact the Dealer Managers or the Tender and Information Agent immediately):

(1) You irrevocably constitute and appoint the Tender and Information Agent as your true and lawful agent and attorney-in-fact (with full knowledge that the Tender and Information Agent also acts as our agent) with respect to such Notes, with full powers of substitution and revocation (such power of attorney being deemed to be an irrevocable power coupled with an interest) to (i) present such Notes and all evidences of transfer and authenticity to, or transfer ownership of, such Notes on the account books maintained by DTC to, or upon the order of, the Offeror, (ii) present such Notes for transfer of ownership on the books of the Offeror, and (iii) receive all benefits and otherwise exercise all rights of beneficial ownership of such Notes, subject to the obligation to hold in trust any proceeds for the beneficial owners, all in accordance with the terms and conditions of the relevant Offer.

(2) You understand that tenders of Notes may be withdrawn by written notice of withdrawal received by the Tender and Information Agent at any time prior to the Withdrawal Date. In the event of a termination of any Offer, the Notes tendered pursuant to such Offer will be credited to the account maintained at DTC from which such Notes were delivered.

(3) You understand that tenders of Notes pursuant to any of the procedures described in this Offer to Purchase and the acceptance of such Notes by the Offeror will constitute a binding agreement between you and the Offeror upon the terms and subject to the conditions of this Offer to Purchase. For purposes of the Offers, you understand

that validly tendered and not validly withdrawn Notes (or defectively tendered Notes with respect to which the Offeror has or has caused to be waived such defect) will be deemed to have been accepted for purchase by the Offeror if, as and when the Offeror gives oral or written notice thereof to the Tender and Information Agent.

(4) You have full power and authority to tender, sell, assign and transfer the Notes tendered and that when such tendered Notes are accepted for purchase and payment by the Offeror, the Offeror will acquire good title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim or right and together with all rights attached thereto. You will, upon request, execute and deliver any additional documents deemed by the Tender and Information Agent or by the Offeror to be necessary or desirable to complete the sale, assignment, transfer and cancellation (if any) of the Notes tendered or to evidence such power and authority.

(5) You have received the Offer to Purchase, and have reviewed and accepted the offer and distribution restrictions, terms, conditions, risk factors and other considerations of the Offers, all as described in this Offer to Purchase, and have undertaken an appropriate analysis of the implications of the Offers without reliance on us, the Dealer Managers, or the Tender and Information Agent. All authority conferred or agreed to be conferred shall not be affected by, and shall survive, your death or incapacity, and any obligation of you hereunder shall be binding upon your heirs, executors, administrators, trustees in bankruptcy, personal and legal representatives, successors and assigns.

(6) You understand that the Offeror will pay the Total Consideration, or Tender Consideration, as the case may be, and any accrued and unpaid interest from, and including, the last interest payment date to, but not including, the applicable Settlement Date with respect to the Notes accepted for purchase.

(7) You recognize that under certain circumstances set forth in this Offer to Purchase, the Offeror may terminate or amend any Offer (if applicable) or may postpone the acceptance for payment of, or the payment for, Notes tendered or may not be required to purchase any of the Notes tendered.

(8) You are not a person to whom it is unlawful to make an invitation pursuant to the Offers under applicable securities or blue sky laws and you acknowledge that you must inform yourself about, and observe, any such laws.

(9) You understand that the delivery and surrender of any Notes is not effective, and the risk of loss of the Notes does not pass to the Tender and Information Agent, until receipt by the Tender and Information Agent of an Agent's Message properly completed and duly executed, together with all accompanying evidences of authority and any other required documents in form satisfactory to the Offeror. All questions as to form of all documents and the validity (including time of receipt) and acceptance of tenders and withdrawals of Notes will be determined by the Offeror, in its sole discretion, which determination shall be final and binding.

(10) You request that any Notes representing principal amounts not tendered or not accepted for purchase be issued in the name of, and delivered by credit to, the account of DTC who will credit the account of the participant from which such Notes were received.

(11) You have observed (and will observe) the laws of all relevant jurisdictions, obtained all requisite governmental, exchange control or other required consents, complied with all requisite formalities and paid (or will pay) any issue, transfer or other taxes or requisite payments due from you in each respect in connection with any offer or acceptance, in any jurisdiction and that you have not taken or omitted to take any action in breach of the representations or which will or may result in the Offeror or any other person acting in breach of the legal or regulatory requirements of any such jurisdiction in connection with any Offer or tender of Notes in connection therewith.

(12) You acknowledge that none of the Offeror, the Dealer Managers, the Tender and Information Agent or the Trustee is making any recommendation as to whether or not you should tender Notes in response to the Offers.

(13) You are outside the Republic of France or, if you are located in the Republic of France, you are a (i) provider of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour le compte de tiers*) and/or (ii) qualified investor (*investisseur qualifiés*), all as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French *Code monétaire et financier*, are eligible to participate in the Offers. Clearstream, Luxembourg and Euroclear are indirect participants in the DTC system. Holders should note that Clearstream, Luxembourg and Euroclear may require that action be taken a day or more prior to the Early Tender Date or the relevant Expiration Date, as applicable.

No Guaranteed Delivery Procedures for the Offers

The Offeror does not intend to permit tenders of Notes by guaranteed delivery procedures.

Early Tender Date; Expiration Date; Extensions; Amendments; Termination

The Early Tender Date for the Offers is 5:00 p.m., New York City time, on March 7, 2025, unless extended by the Offeror in its sole discretion, in which case the Early Tender Date with respect to the Offers will be such date to which the Early Tender Date is extended.

The Expiration Date for the Offers is 5:00 p.m., New York City time, on March 24, 2025, unless extended by the Offeror in its sole discretion, in which case the Expiration Date with respect to the Offers will be such date to which the Expiration Date is extended.

The Offeror, in its sole discretion, may amend the terms of the Offers. In addition, the Offeror, in its sole discretion, may extend the Early Tender Date or any of the Expiration Dates for any purpose, including to permit the satisfaction or, where possible, waiver of the conditions to the Offers. To extend any of the Expiration Dates, the Offeror will notify the Tender and Information Agent and will make a public announcement thereof before 9:00 a.m., New York City time, on the next Business Day after the previously scheduled Expiration Date. Such announcement will state that the Offeror is extending the relevant term for a specified period.

All references to the Early Tender Date or to any of the Expiration Dates in this Offer to Purchase are to the Early Tender Date or to the Expiration Date, respectively, as may be extended or terminated. The Offeror expressly reserves the right to extend the Early Tender Date or any of the Expiration Dates with respect to the Offers.

The Offeror expressly reserves the right, subject to applicable law, to:

- delay accepting the Notes, extend the Early Tender Date or any of the Expiration Dates or, if the conditions to any Offer are not satisfied, terminate such Offer at any time and not accept the relevant Notes; and
- if the conditions to any Offer are not satisfied, amend or modify at any time, the terms of such Offer in any respect, including by waiving, where possible, any conditions to consummation of such Offer.

If the Offeror exercises any such right, the Offeror will give written notice thereof to the Tender and Information Agent and will make a public announcement thereof as promptly as practicable and, in the case of a termination, all Notes tendered pursuant to the terminated Offer and not accepted for purchase will be returned promptly to the tendering Holders thereof.

The minimum period during which each Offer will remain open following material changes in the terms of such Offer or in the information concerning such Offer will depend upon the facts and circumstances of such change, including the materiality of the changes. If any of the terms of any Offer are amended in a manner determined by the Offeror to constitute a material change adversely affecting any Holder, the Offeror will (i) promptly disclose any such amendment in a manner reasonably calculated to inform Holders of such amendment, (ii) extend the relevant Offer for a period that the Offeror deems appropriate, subject to applicable law, depending upon the significance of the amendment and the manner of disclosure to Holders, if the relevant Offer would otherwise expire during such period, and (iii) extend withdrawal rights for a period that the Offeror deems appropriate to allow tendering Holders a reasonable opportunity to respond to such amendment.

Transfer Taxes

The Offeror will pay all transfer taxes applicable to the purchase and transfer of Notes pursuant to this Offer to Purchase, except that if the payment of the Total Consideration or Tender Consideration, as the case may be, is being made to, or if Notes that are not tendered or not purchased in the Offers are to be registered or issued in the name of, any person other than the Holder of the Notes or the DTC participant in whose name the Notes are held on the books of DTC, or if a transfer tax is imposed for any reason other than the purchase of Notes under the Offers, then the amount of any such transfer tax (whether imposed on the Holder or any other person) will be payable by the tendering Holder. If satisfactory evidence of payment of that tax or exemption from payment is not submitted, then the amount of that transfer tax will be deducted from the Total Consideration or Tender Consideration, as the case may be, otherwise payable to the tendering Holder.

Acceptance of Notes for Purchase; Payment for Notes

Upon the terms and subject to the conditions of the Offers, the Offeror will notify the Tender and Information Agent and Information Agent promptly after the Early Tender Date and the Expiration Dates, as applicable, of which Notes are accepted for purchase and payment pursuant to the Offers. For purposes of the Offers, the Offeror will be deemed to have accepted for purchase validly tendered and not validly withdrawn Notes (or defectively tendered Notes with respect to which the Offeror has waived such defect) if, as and when the Offeror gives oral (promptly confirmed in writing) or written notice thereof to the Tender and Information Agent. With respect to tendered Notes that are to be returned to Holders, such Notes will be credited to the account maintained at DTC promptly following the Expiration Date or termination of the applicable Offer. Upon the terms and subject to the conditions of the Offers, the Offeror will accept for purchase, and pay for, Notes validly tendered pursuant to the Offers and not validly withdrawn upon the satisfaction or, where possible, waiver of the conditions of the Offers. The Offeror will promptly pay for all Notes accepted for purchase. In all cases, payment for Notes accepted for purchase pursuant to the Offers will be made only after confirmation of book-entry transfer thereof. The Offeror will pay for Notes accepted for purchase in the Offers by depositing such payment directly in cash with DTC, which will act as agent for the tendering Holders for the purpose of receiving payment for Notes. Upon the terms and subject to the conditions of the Offers, delivery of the Total Consideration or Tender Consideration, as the case may be, with respect to the purchased Notes will be made on the applicable Settlement Date.

If, for any reason (including if the Offeror chooses to do so), acceptance for purchase of, or payment for, validly tendered and not validly withdrawn Notes pursuant to the Offers is delayed, or the Offeror is unable to accept for purchase or to pay for validly tendered and not validly withdrawn Notes pursuant to the Offers, then the Tender and Information Agent may, nevertheless, on behalf of the Offeror, retain the tendered Notes (which may not then be withdrawn), without prejudice to the rights of the Offeror as described under “—Early Tender Date; Expiration Date; Extensions; Amendments; Termination” and “—Conditions of the Offers” above and “—Withdrawal of Tenders” below, but subject to Rule 14e-1 under the Exchange Act, which requires that an offeror pay the applicable consideration offered or return the securities tendered promptly after the termination or withdrawal of a tender offer. If, for any reason (including if the Offeror chooses to do so), the applicable Settlement Date is delayed, interest will continue to accrue until, but not including, such extended Settlement Date.

If any tendered Notes are not accepted for purchase for any reason pursuant to the terms and conditions of the Offers, such Notes will be credited promptly following the Expiration Date or termination of the applicable Offer to the account maintained at DTC from which they were received. Holders of Notes validly tendered and not validly withdrawn that are accepted for purchase pursuant to the Offers will be entitled to any Accrued Interest on their Notes from, and including, the last interest payment date to, but not including, the applicable Settlement Date, which will be payable on the applicable Settlement Date. Under no circumstances will any additional interest be payable because of any delay by DTC in the transmission of funds to the Holders of purchased Notes or otherwise.

The Offeror may transfer or assign, in whole or from time to time in part, to one or more of its affiliates or any third party the right to purchase all or any of the Notes tendered pursuant to the Offers, but any such transfer or assignment will not relieve the Offeror of its obligations under the Offers and will in no way prejudice the rights of tendering Holders to receive payment for Notes validly tendered and not validly withdrawn that are accepted for purchase pursuant to the Offers.

The Offeror reserves the right to arrange for alternate settlement mechanisms if we are required to do so for legal reasons.

Withdrawal of Tenders

Tenders of Notes may be validly withdrawn or revoked on or prior to the Withdrawal Date but may not be validly withdrawn or revoked after such time, except as described herein or as required by applicable law. In the event of termination of any Offer, the Notes tendered pursuant to such Offer will be promptly returned to the tendering Holders.

The Notes may be validly withdrawn at any time on or prior to the Withdrawal Date but may not be validly withdrawn after such time.

For a withdrawal of tendered Notes to be effective, a properly transmitted "Request Message" through ATOP must be received by the Tender and Information Agent on or prior to the Withdrawal Date, at its address set forth on the back cover of this Offer to Purchase. Any such notice of withdrawal must:

- specify the name of the participant in the book-entry transfer facility whose name appears on the security position listing as the owner of such Notes;
- contain the description of the aggregate principal amount represented by such Notes; and
- specify the name and number of the account at the book-entry transfer facility to be credited with withdrawn Notes.

If the Notes to be withdrawn have been delivered or otherwise identified to the Tender and Information Agent, notice of withdrawal is effective immediately upon receipt by the Tender and Information Agent of the "Request Message" through ATOP.

Withdrawal of Notes may only be accomplished in accordance with the foregoing procedures.

Any permitted withdrawal of Notes may not be rescinded. Any Notes validly withdrawn will thereafter be deemed not validly tendered for purposes of the Offers; *provided, however*, that withdrawn Notes may be re-tendered by again following one of the appropriate procedures described herein at any time prior to the Expiration Date.

Unless the Withdrawal Date is extended by the Offeror in its sole discretion, the Price Determination Date is scheduled to occur on the day after the Withdrawal Date. Therefore, Holders who validly tendered their Notes pursuant to the Offers may not be able to validly withdraw their tendered Notes by the time the actual amount of cash that may be received by such tendering Holder will be known.

Other Matters

Tendering Holders of Notes purchased in the Offers will not be required to pay brokerage fees or commissions to the Dealer Managers, the Tender and Information Agent, the Trustee or the Offeror or to pay transfer taxes (except as indicated above in "—Transfer Taxes") with respect to the purchase of their Notes. However, beneficial owners of Notes that are held through a broker, dealer, commercial bank or other nominee may be charged a fee by such nominee for tendering Notes on such beneficial owners' behalf. The Offeror will pay all other charges and expenses in connection with the Offers.

All questions as to the form of documents and validity, eligibility (including time of receipt), acceptance for payment and any withdrawal of tendered Notes will be determined by the Offeror in its sole discretion, and its determination will be final and binding on all Holders. The Offeror reserves the absolute right to reject any and all tenders of Notes that it determines are not in proper form or for which the acceptance for payment or payment may, in the opinion of its counsel, be unlawful. The Offeror also reserves the absolute right, in its sole discretion, subject to applicable law, to waive or amend any of the conditions of the Offers or any defect or irregularity in the tender or withdrawal of Notes of any particular Holder, whether or not similar conditions, defects or irregularities are waived in the case of other Holders.

The Offeror's interpretation of the terms and conditions of the Offers will be final and binding on all Holders. Any defect or irregularity in connection with tenders of Notes must be cured within such time as the Offeror determines, unless waived by the Offeror. Tenders of Notes will not be deemed to have been made until all defects or irregularities have been waived by the Offeror or cured. None of the Offeror, the Dealer Managers, the Tender and Information Agent or any other person will be under any duty to give notification of any defects or irregularities in tenders or will incur any liability for failure to give any such notification.

There are no appraisal or other similar statutory rights available to Holders in connection with the Offers.

We and our affiliates expressly reserve the absolute right, in our sole discretion, subject to applicable law and the applicable indenture governing such series of Notes, from time to time to purchase any Notes that remain outstanding after the Expiration Date through open market purchases or privately negotiated transactions (including, one or more additional tender or exchange offers) or otherwise, on terms that may be more or less favorable to Holders of Notes than the terms of this Offer to Purchase. Any future purchases or redemptions by us or our affiliates will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) we or our affiliates will choose to pursue in the future.

CERTAIN TAX CONSEQUENCES

Certain U.S. Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax considerations related to the Offers that may be relevant to a beneficial owner of Notes that is (i) a citizen or resident of the United States, (ii) a U.S. domestic corporation or (iii) otherwise subject to U.S. federal income tax on a net income basis in respect of the Notes (a “U.S. Holder”), or, in certain cases, a beneficial owner of Notes that is not a U.S. Holder (a “Non-U.S. Holder”). The summary is based on laws, regulations, rulings and decisions now in effect, all of which are subject to change or differing interpretations, possibly with retroactive effect. This discussion does not deal with special classes of Holders, such as dealers in securities or currencies, banks, financial institutions, insurance companies, tax-exempt organizations, entities (or other arrangements) classified as partnerships and the partners therein, nonresident alien individuals present in the United States for 183 days or more during the taxable year, persons holding Notes as a position in a “straddle” or conversion transaction, or as part of a “synthetic security” or other integrated financial transaction or U.S. Holders that have a functional currency other than the U.S. dollar. This discussion assumes that the Notes are held as “capital assets” within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the “Code”). The discussion does not address the alternative minimum tax, the Medicare tax on net investment income or other aspects of U.S. federal, state and local taxation that may be relevant to a Holder, or the possible applicability of U.S. federal gift or estate tax laws. Accordingly, each Holder should consult its own tax advisor with regard to the Offers and the application of U.S. federal tax laws, as well as the laws of any state, local or foreign taxing jurisdictions, to its particular situation.

We have not sought, and will not seek, any ruling from the IRS with respect to the tax consequences discussed herein, and there can be no assurance that the IRS will not take a position contrary to the tax consequences discussed below or that any position taken by the IRS would not be sustained.

Furthermore, this discussion does not address all of the U.S. federal income tax considerations that may be relevant to an investor that sells Notes pursuant to this Offer and also purchases New Securities, and such holders should consult their own tax advisors regarding the U.S. federal income tax consequences to them of the sale of their Notes pursuant to this Offer and the acquisition of the New Securities.

Sale of the Notes

Sales of Notes pursuant to the Offers by U.S. Holders will be taxable transactions for U.S. federal income tax purposes. A U.S. Holder selling Notes pursuant to the Offers generally will recognize gain or loss in an amount equal to the difference between the amount realized and the U.S. Holder’s adjusted tax basis in the Notes sold at the time of sale. A U.S. Holder’s adjusted tax basis in a Note generally will equal the amount paid therefor, increased by the amount of any market discount previously taken into account by the U.S. Holder and reduced (but not by below zero) by the amount of any amortizable bond premium previously amortized by the U.S. Holder with respect to the Notes. A U.S. Holder’s amount realized will equal the amount of cash received (including any taxes withheld and any additional amounts paid with respect thereto, but not including any amount attributable to accrued but unpaid interest, which will be taxable as such (as discussed below)). If a U.S. Holder tenders Notes and receives the Early Tender Payment, we intend to treat such payment as an additional cash received, and the remainder of this discussion assumes that such treatment will be respected. Subject to the discussion of market discount below, any gain or loss will be long-term capital gain or loss if the U.S. Holder’s holding period for the Notes on the date of sale was more than one year. Long-term capital gains for non-corporate U.S. Holders may be eligible for reduced rates of taxation. The deductibility of capital losses by U.S. Holders is subject to limitations.

In general, market discount is the excess, if any, of the principal amount of a Note over the U.S. Holder’s tax basis therein at the time of the acquisition (unless the amount of the excess is less than a specified *de minimis* amount, in which case, market discount is considered zero). In general, if a U.S. Holder acquired the Notes with market discount, any gain realized by a U.S. Holder on the sale of the Notes will be treated as ordinary income to the extent of the portion of the market discount that has accrued while the Notes were held by the U.S. Holder, unless the U.S. Holder has elected to include market discount in income currently as it accrues. Market discount accrues on a ratable basis, unless the U.S. Holder elects to accrue the market discount using a constant-yield method. Any amount treated as ordinary income pursuant to the market discount rules should be treated as foreign source income. U.S.

Holders should consult their own tax advisors regarding the possible application of the market discount rules of the Code to a sale of the Notes pursuant to the Offers.

A U.S. Holder generally will not be entitled to credit any Brazilian tax imposed on the sale of the Notes against such U.S. Holder's U.S. federal income tax liability, except in the case of a U.S. Holder that consistently elects to apply a modified version of the U.S. foreign tax credit rules that is permitted under temporary guidance and complies with the specific requirements set forth in such guidance. Additionally, capital gain or loss, if any, recognized by a U.S. Holder on the sale of the Notes pursuant to the Offers generally will be U.S. source gain or loss for U.S. foreign tax credit purposes. Consequently, even if the withholding tax qualifies as a creditable tax, a U.S. Holder may not be able to credit the tax against its U.S. federal income tax liability unless such credit can be applied (subject to generally applicable conditions and limitations) against tax due on other income treated as derived from foreign sources. If the Brazilian tax is not a creditable tax, the tax would reduce the amount realized on the sale of the Notes even if the U.S. Holder has elected to claim a foreign tax credit for other taxes in the same year. The temporary guidance discussed above also indicates that the Treasury and the IRS are considering proposing amendments to the December 2021 regulations (as discussed below) and that the temporary guidance can be relied upon until additional guidance is issued that withdraws or modifies the temporary guidance or any later date specified in such later guidance. U.S. Holders should consult their own tax advisors regarding the application of the foreign tax credit rules to a sale of Notes pursuant to the Offers and any Brazilian withholding tax imposed on such sale.

Interest Paid on the Notes

Accrued Interest paid to a U.S. Holder (including any taxes withheld and any additional amounts paid with respect thereto) will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on such U.S. Holder's method of accounting for U.S. federal income tax purposes.

Subject to generally applicable limitations and conditions, any Brazilian withholding tax paid at the appropriate rate applicable to the U.S. Holder may be eligible for a credit against such U.S. Holder's U.S. federal income tax liability. These generally applicable limitations and conditions include requirements adopted by the IRS in regulations promulgated in December 2021 and any Brazilian withholding tax will need to satisfy these requirements in order to be eligible to be a creditable tax for a U.S. Holder. In the case of a U.S. holder that consistently elects to apply a modified version of these rules under temporary guidance and complies with specific requirements set forth in such guidance, the Brazilian tax on interest generally will be treated as meeting the requirements and therefore as a creditable tax. In the case of all other U.S. Holders, the application of these requirements to any Brazilian withholding tax imposed on interest is uncertain and we have not determined whether these requirements have been met. If the Brazilian withholding tax is not a creditable tax for a U.S. Holder or the U.S. Holder does not elect to claim a foreign tax credit for any foreign income taxes paid or accrued in the same taxable year, the U.S. Holder may be able to deduct the Brazilian withholding tax in computing such U.S. Holder's taxable income for U.S. federal income tax purposes. Payments of Accrued Interest on the Notes will constitute income from sources without the United States and, for U.S. Holders that elect to claim foreign tax credits, generally will constitute "passive category income" for foreign tax credit purposes.

The availability and calculation of foreign tax credits and deductions for foreign taxes depend on a U.S. Holder's particular circumstances and involve the application of complex rules to those circumstances. The temporary guidance discussed above also indicates that the Treasury and the IRS are considering proposing amendments to the December 2021 regulations and that the temporary guidance can be relied upon until additional guidance is issued that withdraws or modifies the temporary guidance or any later date specified in such later guidance. U.S. Holders should consult their own tax advisors regarding the application of these rules to their particular situations.

Non-U.S. Holders

Other than as set forth below under "Information Reporting and Backup Withholding," a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax on the proceeds from the Offers, including amounts treated as Accrued Interest.

Information Reporting and Backup Withholding

A U.S. Holder who tenders its Notes may be subject to information reporting and backup withholding unless the U.S. Holder (i) is an exempt recipient and demonstrates this fact, or (ii) provides a correct U.S. taxpayer identification number, certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. U.S. Holders should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining such exemption. A Holder who is not a “United States person” (as defined in the Code) generally may be required to submit an IRS Form W-8BEN or W-8BEN-E or other applicable IRS Form W-8, signed under penalties of perjury, in order to establish its exemption from information reporting and backup withholding. The amount of any backup withholding is generally expected to be allowed as a credit against the Holder’s federal income tax liability and may entitle the Holder to a refund, provided that the required information is furnished to the IRS in a timely manner.

Certain Brazilian Tax Considerations

The following discussion is a summary of the Brazilian tax considerations relating to the tender of the Notes by an individual, entity, trust or organization that is not resident or domiciled in Brazil for purposes of Brazilian taxation (“Non-Resident Holder”). The discussion is based on the tax laws of Brazil as in effect on the date hereof which are subject to change and to differing interpretations, which may result in different tax consequences than those described below.

The information set forth below is intended to be a general discussion only and does not address all possible tax consequences relating to an investment in the Notes. Prospective investors should consult their own tax advisers as to the consequences of purchasing the Notes, including, without limitation, the consequences of the receipt of interest and the sale, redemption or repayment of the Notes.

Generally, a Non-Resident Holder is taxed in Brazil only when income is derived from Brazilian sources or gains are realized on the disposition or sale of assets located in Brazil.

Payments by Vale Overseas

Upon the terms and subject to the conditions set forth in this Offer to Purchase, and subject to the proration and the Acceptance Priority Procedures, Vale Overseas will pay the Total Consideration or the Tender Consideration, as applicable, to each registered holder of Notes issued by Vale Overseas that are accepted for purchase pursuant to the Offers.

Taxation of interest, premium or principal payments made by Vale Overseas

Based on the fact that Vale Overseas is considered for tax purposes as a company domiciled abroad, any interest, premium (if any) or principal payments made by Vale Overseas in respect of Notes issued by it in favor of Non-Resident Holders will not be subject to any withholding or deduction in respect of Brazilian income tax or any other Brazilian taxes, duties, assessments or governmental charges, provided that such payments are made with funds held by Vale Overseas outside of Brazil.

Taxation on gains realized from sale or other disposition of the Notes

Generally, capital gains generated outside Brazil as a result of a transfer of assets located outside Brazil between non-residents of Brazil are not subject to taxation in Brazil. On the other hand, capital gains derived from the transfer of assets located in Brazil between non-residents of Brazil, and between a non-resident of Brazil and a Brazilian resident, are subject to income tax, according to Law No. 10,833, enacted on December 29, 2003. Based on the fact that Vale Overseas is an entity incorporated under the laws of the Cayman Islands, and the Notes issued by Vale Overseas are issued and registered abroad, we believe that such Notes should not fall within the definition of assets located in Brazil for purposes of Law No. 10,833; thus, capital gains realized by a Non-Resident Holder on the sale of the Notes should not be subject to taxation in Brazil.

Certain Cayman Tax Considerations

The Cayman Islands currently have no exchange control restrictions and no income, corporate or capital gains tax, estate duty, inheritance tax, gift tax or withholding tax applicable to Vale Overseas or any Holder. Accordingly, payment for the Notes will not be subject to taxation in the Cayman Islands, no Cayman Islands withholding tax will be required on such payments to any holder of a note and gains derived from the sale of Notes will not be subject to Cayman Islands capital gains tax. The Cayman Islands does not have an income tax treaty arrangement with the United States or any other country that is applicable to any payments made to or by Vale Overseas; however, the Cayman Islands has entered into a tax information exchange agreement with the United States and other jurisdictions.

Vale Overseas has received an undertaking dated April 24, 2001 from the Financial Secretary of the Cayman Islands that, in accordance with Section 6 of the Tax Concession Act (as amended) of the Cayman Islands, for a period of 30 years from the date of the undertaking, no law which is enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to Vale Overseas or its operations and, in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable (i) on or in respect of the shares, debentures or other obligations of Vale Overseas or (ii) by way of the withholding in whole or in part of a payment of dividend or other distribution of income or capital by Vale Overseas to its members or a payment of principal or interest or other sums due under a debenture or other obligation of Vale Overseas.

No stamp duties or similar taxes or charges are payable under the laws of the Cayman Islands in respect of the execution and issue of the Notes unless they are executed in or brought within (for example, for the purposes of enforcement) the jurisdiction of the Cayman Islands, in which case stamp duty of 0.25% of the face amount thereof may be payable on each note (up to a maximum of 250 Cayman Islands dollars ("CIS") (US\$312.50)) unless stamp duty of CIS\$500 (US\$625.00) has been paid in respect of the entire issue of Notes.

The above conversions of Cayman Islands dollars to U.S. dollars have been made on the basis of US\$1.25 = CIS\$1.00.

Schedule A

Formula for Determining the Total Consideration and Accrued Interest

YLD	=	The Repurchase Yield expressed as a decimal number.
CPN	=	The contractual annual rate of interest payable on a Note expressed as a decimal number.
N	=	The number of scheduled semi-annual interest payments from, but not including, the applicable Settlement Date to, and including, the applicable maturity date, in accordance with standard market practice.
S	=	The number of days from and including the semi-annual interest payment date immediately preceding the applicable Settlement Date up to, but not including, such Settlement Date. The number of days is computed using the 30/360 day-count method.
Exp	=	Exponentiate. The term to the left of “exp” is raised to the power indicated by the term to the right of “exp.”
$\sum_{k=1}^n$	=	Summate. The term in the brackets to the right of the summation symbol is separately calculated “N” times (substituting for “K” in that term each whole number between 1 and N, inclusive), and the separate calculations are then added together.
Accrued Interest	=	US\$1,000(CPN)(S/360)
Total Consideration	=	The price per US\$1,000 principal amount of a Note (excluding Accrued Interest). A tendering Holder will receive a total amount per US\$1,000 principal amount (rounded to the nearest cent) equal to the Total Consideration <i>plus</i> Accrued Interest.

Formula for the Total Consideration, as applicable =

$$\left[\frac{US\$1,000}{(1 + YLD/2) \exp \left(N - \left(\frac{S}{180} \right) \right)} \right] + \sum_{k=1}^n \left[\frac{US\$1,000 (CPN/2)}{(1 + YLD/2) \exp \left(k - \left(\frac{S}{180} \right) \right)} \right] - \text{Accrued Interest}$$

Early Tender Payment = US\$50.00 per US\$1,000

Tender Consideration = Total Consideration – Early Tender Payment
